

Love your work and your life! Mobile S/N Clinic seeks RVT

Want to improve the lives of animals while reducing shelter intake and euthanasia? Come work with the best High Quality, High Volume Spay Neuter team! Our non-profit mobile Spay Neuter clinic at Elevation Animal Rescue is seeking a **Registered Veterinary Technician (R.V.T.)**

Our work environment is fast paced with a caring, compassionate, and fun team of professionals committed to reducing animal homelessness and animal suffering. We partner with county shelters in our area and focus our services on shelter pets, low-income family pets and community cats.

The job of the RVT includes many generalized veterinary technician duties as well as very specific duties performed by only the RVT. This job is highly detail oriented as well as repetitive in nature. In this position, the RVT oversees and ensures the care of each patient that passes through the clinic, and here at E.A.R. all patients will individually receive the highest level of compassionate care, as we believe that they should never be considered just a number in the day's schedule.

The RVT will interact with the public on a daily basis as well as handling every patient that comes into the clinic while inducing them for surgery. This position requires the ability to multi-task specific technical duties as well as directing staff in animal care before and after surgery. It is necessary in this position to be able to supervise, train and cross train staff members. Additionally, it is essential to be able to speak knowledgeably to clients about responsible animal ownership as well as surgical procedures, vaccine protocols, other clinic protocols and animal education issues.

The position will primarily be Tuesday-Saturday from 7-30am - 4:30pm. Join the E.A.R. team and become part of a dynamic organization that puts the welfare of animals and their humans first.

This unique opportunity may be the one you did not know that you were even looking for!!

The owner Athea Pagano, welcomes the chance to and is available to discuss the opportunity at any time.

(530)450-5758

Please send resumes to: ElevationAnimalRescue@outlook.com
