

Animal Urgent Care of South Orange County is looking for an amazing Part Time / Full time Registered Veterinary Technician to join our team!!

We have a fun, fast-paced facility with a friendly & positive working environment. We value honest and direct communication between staff, management, and clients. We are community-centered, we honor the client/patient relationship, and we respect people and their pets.

Veterinary Technician Responsibilities:

- Perform venipuncture, IV-catheter, and injection administration
- General patient care
- Set up, position, and take digital radiographs
- Collect, set up, and interpret in-house laboratory and cytology tests
- Monitor anesthesia and assisting in surgical procedures
- Educate clients on preventive care
- Properly and safely restrain patients, reliably and with compassion to prepare for procedures performed by technicians and/or doctors.
- and much, much more

Veterinary Technician Qualifications:

- **2 years in veterinary hospital experience and license (LVT/RVT/CVT) required**
- Team player and willingness to cross train in all areas of a general practice
- Self-driven accountability for learning
- Positive attitude
- Conflict resolution skills
- Self-starter
- **Weekend availability required both Saturday and Sunday, plus swing shift availability**

Veterinary Technician Benefits:

- Competitive pay
- Industry first anniversary based cash award at 3 year, 5 year, and 10 year (tiered plan with sums up to \$50,000 dollars)
- Medical/Dental/Vision/Life Insurance packages
- 401K Match
- 80 Hours PTO per year
- Paid Parental Leave (8 weeks fully paid)
- Purr-ental Leave (paid time off for a newly shelter adopted family member)
- Pet and family Bereavement (up to 3 paid days off)
- Pet discounts for up to five of your own pets at all Thrive Pet Healthcare locations (GP, ER & Specialty!).
- Continuing Education allowance for technicians and assistants
- Access to free continuing education and other learning opportunities
- A positive and low drama environment
- A collaborative work environment

Our technicians are highly utilized, respected, and supported. We are proud of our team-oriented environment and excellent patient care. Flexibility regarding work schedule is essential; our practice is long-established, well-respected, and has an impressive local referral base.
