

6851 Village Parkway Dublin, CA 94568

(925) 828-0455

At Parkway Veterinary Hospital we are dedicated to our community by providing all our clients with affordable and quality services which motivate the continuous growth of our clientele.

Parkway Veterinary Hospital is currently looking for a highly reliable, dependable, and experienced Full-time Registered Veterinary Technician (RVT). We are actively seeking Technicians to support our clinics' growth and existing veterinary team. Talents who possess cohesive team spirit, diligence, positive working attitude, coachable and believe in long term advancement will be highly-valued and compensated fairly. If you love caring and working with animals we want to hear from you!!

The Registered Veterinary Technician (RVT) is responsible for but not limited to: maintaining veterinary supplies, assessing the health of assigned animals within the facility, maintaining records, ensuring that animals receive the appropriate care, perform laboratory tests on blood and urine, as well as X-rays directed by the Veterinarian, administer vaccines and treatments as prescribed by the veterinarian. The RVT will oversee the management of high volume spay/neuter program, assist and monitor anesthesia with on-site surgeries, as well as perform routine dental cleanings on animals under the direction of the veterinarian. If you are ready to take on this exiting position and are passionate about animal welfare, we can't wait to hear from you!

THE IDEAL CANDIDATE WILL BE/HAVE:

- Veterinary Technician program graduate: licensed RVT in California or license eligible.
- At least two (2) years prior experience in a veterinary hospital/ medical field worker or shelter.
- Ability to effectively communicate with staff, volunteers, and clientele.
- Well organized and detailed-oriented.
- Proven ability to manage multiple priorities in a fast-paced environment.
- Ability and willingness to work additional hours when workload requires in order to meet organization needs.
- A professional demeanor, proactive nature and problem solver.
- Ability to receive constructive feedback and apply both old and newly learned concepts at work.
- Humility to ask questions, learn, and improve.
- Proven ability with being flexible and comfortable with change.
- A team player.

We offer wonderful benefit packages including medical, vision and dental insurance, life insurance policy, PTO with rollover, CE opportunities, bonuses, pet care discounts, 401K, and more!
