

If you love animals, and have a desire to help people and their furry family members, and want to grow with a veterinary hospital that focuses on providing excellent patient care to family pets, please read on!

Codornices Veterinary Clinic in Albany California is searching for a full-time Registered Veterinary Technician/ Veterinary Assistant to join the team at our growing practice in the Berkeley area! Our five veterinarians and long term team are dedicated to delivering excellence by providing state-of-the-art veterinary medicine, sensible and personalized treatment plans, and extraordinary customer service. We value a down-to-earth approach to help people understand veterinary medicine and to promote preventive care.

WE:

- Offer a competitive salary
- Provide all employees with an excellent benefits package (PTOs, medical, educational stipends, veterinary care benefit, 401K, and more!)

IF YOU:

- Have experience at a veterinary hospital
- Have a strong work ethic and want to join a team that values accomplishing goals together
- Are technology savvy
- Don't mind working hard because you want a great learning experience
- Want to share your enthusiasm and excitement about working with people and animals
- Are committed to extraordinary patient care and customer service
- Can also maintain grace under fire in a busy environment...

...Then, we want to meet you!
