

[Curtner Pet Clinic & Hospital](#)

in San Jose is looking to expand our amazing
veterinary team.

We are actively recruiting a full time

Experienced Veterinary Technician or Assistant.

About Us

We are a busy, three veterinarian small animal practice conveniently located in the upscale Plant Shopping Center in San Jose 95125. We provide complete medical, surgical, and dental care for companion animals. Our culture is one of high standards, professional dedication and an unrelenting commitment to providing the best care possible to our patients. At the same time, Curtner employees frequently reference our warm, friendly, collegiate work environment as one of their favorite aspects of working at the clinic.

Please visit our [website](#) for more information about our hospital and also check out our online reviews. We have been rated as top three veterinary clinics by [ThreeBest Rated](#).

We offer a competitive salary. A Health and Dental benefit package is available for full time employees and a generous employee pet care plan. Please submit your resume by [email](#) and qualified applicants will be contacted.

About You

The successful candidate will share our commitment to delivering exceptional service to our clients and their pets with a friendly, compassionate and positive presence. Applicants must have a strong work ethic, able to multi-task efficiently and have a love for both cats and dogs. All applicants must possess good communication and interpersonal skills with a passion for delivering outstanding veterinary care.

Qualifications

- A minimum of two years' experience in a veterinary setting is required.
- Ability to work at least one weekend day
- Ability to communicate in Spanish is a plus but not necessary
- Previous on-the-job training required
- Capable of delivering exceptional client experience and patient care
- Familiarity with Cornerstone software is a plus but not necessary

Should be skilled in the following areas:

- Obtaining and recording patient history
- Physical exams and assessment
- Venipuncture iv catheter placement
- Skilled in restraint
- In house laboratory procedures
- Independently able to take x rays
- Inducing and monitoring anesthesia
- Dental prophylaxis and preferably extractions
- Surgical preparation and assisting
- Patient recovery and nursing care

Work requires:

- Lifting and carrying animals (assistance will be provided for patients over 50 lbs.)
- Walking or standings for extended periods of time.
- Frequently works in a bent position.
- May be exposed to unpleasant odors, noises and animal feces within small spaces.
- May be exposed to bites, scratches and contagious diseases.

Job Type: Full-time

Salary: Based on experience
