

Looking to work at a high-quality practice with a family atmosphere? This is an excellent opportunity for an experienced veterinary technician or veterinary assistant!

Minimum skills required include proficiency in animal husbandry, restraint, SQ injections, venipuncture, laboratory procedures, and excellent client communication skills. Proficiency in IV catheter placement and surgical assisting are a plus.

A positive attitude, the ability to be part of an established team, and an open mind for personal growth is a must!

Join us and love coming to work everyday!

Benefits for Full-Time employees include: Medical/Dental/Vision Insurance, 401K, Life Insurance, Long Term Disability, Life Assistance Program, Pet Care Discounts, and Uniform Allowance
