

[Coastal Cat Clinic](#), a feline specific hospital located in Pacifica, is looking for an experienced technician to provide exceptional service to clients & patients in a team-oriented environment. The ideal candidate will enjoy variety in a work day, be well-spoken, committed to putting the patient & client first, and have excellent attention to detail. We are seeking a driven, enthusiastic individual who enjoys interacting with people just as much as pets. This role requires someone who values the client connection, is comfortable communicating with clients with respect and candor, responds quickly and calmly to any situation, works efficiently.

An ideal candidate has exceptional technical skills, including proficiency in blood draws, catheter placement, restraint, x-ray positioning, surgical monitoring, dental cleaning and dental radiology. The ability to multitask and use good judgment is required. The ideal cultural fit is someone with a strong work ethic, personable demeanor, and dedication to teamwork. Avimark experience is desirable.

Coastal Cat Clinic rewards hard work and dedication, offering a competitive wage, incentive opportunities, health benefits for FT staff, a 401(k), vacation, and sick time.

Job Type: Part-time or Full-Time
