ADDITIONAL INFORMATION REGARDING ELIMINATION OF THE CALIFORNIA RVT EXAM

The Veterinary Medical Board (VMB) has informed us that they will have a statement and FAQs ready on Monday, April 22 concerning the elimination of the California RVT Exam (CRVTE). They are asking that candidates refrain from contacting their office until they have read the material provided.

The VMB is also encouraging all interested parties to subscribe to the VMB's email list in order to receive all appropriate announcements. To subscribe, go to: <https://www.vmb.ca.gov/webapps/subscribe.php>

The VMB states that they will be proactive in identifying all impacted individuals, meaning that anyone who has already applied but not passed or taken the CRVTE within the past year will be contacted by the VMB.

The VMB is also asking candidates for patience, as they have a small staff and a large project to implement.

Please direct any questions to info@carvta.org.
